

January IB Learner Profile Attribute

Award: KNOWLEDGEABLE

This award is presented to

Laurel Gutierrez

who was selected by peers and teachers for exemplifying the KNOWLEDGEABLE attribute of the IB Learner Profile.

Mr. Snyder - "Laurel has the desire to understand mathematical concepts at a deeper level than many of her peers. She isn't satisfied with just arriving at the correct answer, but insists that the answer makes sense and that she understands the "how" and "why" behind the math. Laurel strives to understand the problem and the implications behind the mathematical concept rather than simply computing numbers that don't have meaning. Her comprehension is incredible which increases her ability to take ownership of her knowledge/learning making it more applicable and meaningful."
