

October IB Learner Profile Attribute Award: PRINCIPLED

This award is presented to

Puja Iyer

who was selected by peers and teachers for exemplifying the PRINCIPLED attribute of the IB Learner Profile.

Mr. Veenstra: "Puja Iyer represents the IB standard of "Principled" because of the honest and forthright way she conducts herself. As an online student she completed all of her work early and took care to provide proof that the work was her own. She took extra steps to cite sources even on assignments when it wasn't a requirement to do so. She demonstrated her knowledge in person and over Zoom in a way that proved her knowledge so we can confirm that her assessment work is her own. When confronting the group about academic honesty or testing policies, Puja always spoke in favor of greater accountability. She understands that only by proving everyone's integrity can the truly great amongst them can be recognized. Puja is determined to demonstrate and propagate integrity through our program."

Mr. Doherty: "Puja consistently produces the best quality writing and work as opposed to the bare minimum that often is produced by other students. She is a model leader by example. And she is modest about her insights, skills, and achievements."
